

# Weng Wai Chen (Sean)

PHP Laravel Developer

✉ chenwengwai27@gmail.com 📞 016-2533691 📍 Banting, Selangor

## About Myself

I am Sean, graduated from Tunku Abdul Rahman University College (TARUC) with Bachelor of Business in Logistics and Supply Chain.

I am a self-taught Web Developer, make a transition from business industry to data industry. My passion for web development has driven me to become a fast learner and a self-taught professional. I have experienced in **Php Laravel projects**, enhancement of app layout (HTML, CSS, JavaScript, Bootstrap).

## Project Experiences

### Laravel Ecommerce

- Implementation and execution of the 'WaiEcomLarav' **Laravel-based ecommerce project**.
- Apply **Laravel's authentication system** for user login, logout and password management. Integrated **PHPMailer** for secure email notifications during password changes.
- Enhanced app layout by **DeskApp Bootstrap** and implemented a **CropTool** feature for changes of profile picture.

### PHP Quizzer

- A simple **PHP/MySQL-based** quiz engine with multiple-choice questions.
- Allow user to create new quizzes via a web interface.

### Shoutit Shoutbox

- A **PHP-powered shoutbox** that utilizes **MySQL** to store shouts.
- User can insert a new dialog into the shoutbox.
